

# eural office

Eural is a range of high quality natural white 100% recycled papers, manufactured at the Papeteries du Bourray Mill in Le Mans, France. Eural is manufactured using deinked post-consumer and post-industrial waste (the de-inked pulp is produced on site). Eural Office offers excellent opacity, enabling you to copy and print double-sided. The accurate sheeting, consistent moisture content and curl control ensure trouble free performance for optimum machine runnability.

- Eural Office is a 100% recycled, uncoated office paper, suitable for all office applications.
- Eural Office is available in A4 and A3 (80 gsm).

## APPLICATIONS

Multi-purpose office applications, ideal for internal documents, volume use, draft documents and faxes.

## CERTIFICATIONS

The mark of responsible forestry

FSC® Recycled or PEFC™ certified available on request

DIN 6738

REACH
